

A Pride **Strength**

Angola Youth Strength Training will begin Monday, January 18, 2021. We will meet from 6pm to 7pm for seven sessions through Monday, March 1 at Angola High School. Sessions will be held in the high school gym and weight room. Our primary focus is to introduce our young athletes to our central training principles while teaching them proper form and safe techniques.

The athletes will gain confidence while increasing their body and athletic awareness and their fitness level. The movements they perform will help them in all sports. This program will also help to alleviate anxieties the athletes (and parents) may have about strength and agility training.

We will NOT be using free weights to train our young athletes. We will use body weight exercises, PVC pipes, and gym balls with active spotting. We will emphasize balance, proper landing technique, core strength, and the coordination of the upper body with the lower body.

We will not run this program as an open gym type format. Parents are not required to attend the actual sessions although we encourage parents to watch their children in action as much possible.

Forms are due on Monday, January 18, 2021. We will NOT allow anyone to participate without receiving the registration form with payment. Online registration is available at www.ticketracker.com.
